## Firemen's Convention Draws Large Crowd, Is Complete Success

### Round Lake to be Host Next Year; Lake Villa is Winner Of Water Battle

Antioch was host to the Lake County Firemen's annual convention Monday and ideal weather helped to make the event an outstanding success.

More than 300 firemen from the 28 departments in Lake county and a few from neighboring organizations in McHenry and Kenosha counties were registered during the afternoon and evening.

The big parade at 1 p. m. was headed by John De Pew of the Illinois Safety division, followed by colors, old time firemen, city and village officials. Trucks were entered by Round Lake, Bonnie Brook, Libertyville, Grayslake, Fox Lake, Lake Villa and Antioch departments.

Among the dignitaries in the parade were Mayor George Bartlett, Chief Allen McMillen, aged 80, of Grayslake who has a record of 48 years as a member of the Grayslake fire department, and 43 years there as chief; Honorary Chief James Stearns, and Honorary Chief L. R. VanPatten, Sr., of Antioch. They rode in Roger Williams' car.

#### Parade Prizes Given

The Libertyville department won the parade's first prize for equipment, and the American Legion of Antioch won the first prize for a float. Russell Keulman won the second prize for floats, and the Antioch fire department with its burlesque of the old time fire fighting brigade, taking the prize for comic floats. James Stearns, Allen McMillen and Mayor Bartlett were judges.

The parade included the Antioch High school band, cheer leaders and majorettes and lively music was furnished from the time the procession left Rte 173 on Main st. to Orchard st. where the contests were held.

Grayslake won the hook-up contest, while Libertyville was second and Fox Lake, third. The time was 1:05 minutes.

Grayslake also won the hose rolling contest, beating Fox Lake by one second and Libertyville by 10 seconds. The time: 46 seconds.

In the tug of war Grayslake eliminated Long Grove while Antioch was beating Fox Lake. Antioch then won from Grayslake.

**Lake Villa County Champion**  
Lake Villa became the county champion in the water battle contest. In the eliminations Libertyville beat Long Grove, Gurnee beat Grayslake, Lake Villa bested Lake Zurich and Fox Lake won from Antioch. Gurnee then beat Libertyville and Lake Villa won from Fox Lake. Lake Villa defeated Gurnee in the final.

Chief Frank Freeman of North Chicago, and Chief Walter Hutton of Waukegan served as judges.

A trophy furnished by the Antioch Lumber and Coal Co. was presented to the Lake Villa team for winning the water battle and the Sheehan Implement Co. gave the Grayslake department a spot light for its victory.

Lunch and refreshments were served at Guild hall by the Antioch department to all visiting firemen.

#### Round Lake Next Year

During the business session which developed a big discussion on eligibility of delegates because of dues, Round Lake was chosen as the place of the next annual meeting and Fox Lake as the place of the June meeting.

New officers for the year saw Paul Lewis of Fox Lake moved up to president from his appointee job as secretary, Ted Bittner of the Chicago Hardware foundry department was made vice president, and James McMillen of Antioch was chosen treasurer.

The street dance on Main st. at night attracted a large crowd of young people.

The members of the Antioch department expressed its appreciation for the cooperation of the village in making the convention a success. "We want to thank everybody who helped make it a success," said Cleto Vos, chairman.

#### Time to Pay Vehicle And Dog License Taxes

Fred Peterson, chief of Antioch's police, today served notice to Antioch citizens that they must now pay vehicle and dog taxes if they possess either or both.

Antioch's vehicle tax is \$5 and the dog tax depends on the sex of the animal. Taxes are to be paid to the village clerk, Laurel D. Powles.

Mr. and Mrs. Clayton O'Haver were guests of their parents, Mr. and Mrs. William Thiemann over the weekend.

## Lake Villa Ordered To Improve Sewage Disposal System

Lake Villa must improve its sewage disposal system to avoid pollution of Deep Lake by July 1, or be liable for a \$100 daily fine, according to an order issued Tuesday by the Illinois State Sanitary Water Board.

The order was issued by the board at the insistence of residents of the lake. Hearings on the matter have been taking place for some time.

A meeting of the Lake Villa village board will be held on Monday evening to decide just what action can be taken. Officials of the village have already made plans for the erection of a new disposal plant, but it is doubtful whether or not it can be completed in time to avoid trouble with the state board.

## Antioch H.S. Team Finishes Fourth in Co. Track Meet

Antioch Township High school's track team finished a highly successful season by finishing fourth in the Lake county meet at Lake Forest against larger schools.

The team points were Waukegan, winner, 65½; Lake Forest 50, Libertyville 28½, Antioch 22, Highland Park 16½, Zion 11, Grant 9½, and Warren 1.

Antioch had four good men in the meet, but they were too few to gather the necessary additional points as were Waukegan and Lake Forest.

There were several Jones boys among the high point winners, but the Sequoia's own Dan Jones won the 120 high hurdles in :15.5 and tied in the pole vault at 11 feet.

Kenneth Mattson took a third in the discus throw and tied for second in the broad jump. His brother L. Mattson, was fourth in the 440-yd dash.

Ohlgren got a tie for fifth place in the high jump.

The record for the mile run was the only one shattered. Douglas of Lake Forest ran the mile in 4:41.1, six-tenths second faster than did Willard of Libertyville in 1934.

Jones qualified at the district meet for the state contest and at the state meet a week ago qualified for the hurdles and pole vault, but did not take place in the finals.

### Oil For The Ages

No one knows precisely how great the United States' sources of gasoline underground may be. But it is known that they are sufficient to last thousands of years, now that new scientific developments make possible the derivation of motor fuel from materials other than crude petroleum.

A recent issue of the Lamp, a publication of the Standard Oil Company of New Jersey, tells something of the story. Natural gas, tar sands, oil shales and coal can all be employed to produce gasoline. Some of these—such as coal—are practically limitless in extent. The cost of refining, under present conditions, is somewhat higher than for oil-derived gas, but the differential is not great, and is likely to be reduced as the technology advances.

Further, to look far in the future, the continental shelf, which is a sea floor surrounding the land masses of the earth, is now believed to hold vast quantities of oil. One authority believes this shelf may contain 1,000 billion barrels of oil—500 times the world's current annual consumption. Methods so far proposed to produce oil from the shelf are so costly that they could be employed only in time of great need. But the resource is there at hand, should circumstances ever make it imperative that we develop it regardless of the possible expense.

There is an old saying that more oil has been found in the laboratories than in the ground. That

simply means science has made possible enormously increased utilization of all kinds of energy reserves. Thus oil for future centuries is assured.

### The Freight Car Situation

A group of Western Congressmen recently said that the railroad industry, through The Association of American Railroads which allocates cars to shippers, is discriminating against the West in the distribution of available freight cars.

This charge, said William T. Faricy, president of the AAR, presents a "partial, one-sided and untrue picture of the situation."

Mr. Faricy then supported his statement with some statistical facts. It is true, he said, that there are more box cars in the East than are owned by Eastern railroads. It is also true—and this is something the Congressmen did not mention—that there are more open top cars in the West than are owned by Western railroads. This is a normal condition, and shows neither discrimination or preferment to any section of the country.

The charge, he continued, that the Eastern railroads have on their lines many more cars than they own, is not true. On the date referred to by the Congressmen, Eastern roads had on line 95.3 per cent of their ownership of all cars, while the Western roads had 98.6 per cent.

It may be natural for shippers and their Congressional spokesmen to complain when they can't get freight cars exactly when wanted. But the freight car problem is national, and it must be dealt with on a national basis. The job of the AAR is to make every car perform maximum service, and to go promptly where it is most needed. That job is being done and the railroads are putting more cars on as fast as they can get them—and every section of the country and all classes and kinds of shippers receive equal consideration.

social and active members, with their wives, held a party at the fire station last Saturday evening, with pot luck supper and a very pleasant evening.

The Pinochle club met last Tuesday afternoon with Mrs. Charles Britton at her home for pot luck dinner and an afternoon of cards.

Mrs. Robert Gordon Madsen, of Waukegan, was special guest of honor at a miscellaneous bridal shower at the Village hall on Tuesday evening last week with Mrs. Charles Madsen, Mrs. Wilbur Madsen and Mrs. George Schmidt as hostesses. The new bride received many beautiful and useful gifts for use in her home. Airplane bunco was played during the evening causing much merriment. At the close of a very pleasant evening, the hostess served sandwiches, strawberry short cake and coffee.

The final meeting of the Parent-Teacher Association was held at the school gym on Monday evening, May 19, and Mrs. Dorothy Nelson, of Fox Lake, installed the new officers. The past presidents of the Ass'n. were guests of honor and were presented with corsages. They were Mrs. Florence Pinch, Mrs. Maude Parsons, Mrs. Lela Barnstable, Mrs. Martha Madsen, Mrs. Alice Meyer, Mrs. Margaret Wolff and Mrs. Ruth Karolius. Mrs. Bartlett is president of the Association now, and she with

her officers, also Mrs. Gallagher, who retires this year were also present. The Mother-Daughter club met last Thursday afternoon in Waukegan with Mrs. Evelyn Hamann at her home. ## "Skyline Gardens" Theme of Annual Junior Class Prom

With the theme "The Skyline Roof-garden" carried out in decorations and appointments, the junior class of the Antioch Township High school entertained the seniors Saturday evening at the high school gymnasium at the annual prom. One hundred and fifty persons were present.

As an architectural feat of Earl Brabant the scene was long to be remembered. The entrance to the starlit room was a huge star surrounded by smaller ones. The floor gave the effect of being a roof garden looking out upon a skyline at nightfall.

Tables lined the upper balcony and dance floor and the dancers were welcome to sit down, take refreshment of punch and wafers and admire the view.

Dinner was served at 6:30. Kenneth Mattson gave the welcome address and Mary Jean Mapletorpe responded on behalf of the graduating class. Other speakers were W. C. Petty, Miss Alice Smith, Richard Payne and T. R. Birkhead.

Chaperons were Messrs. and Mesdames Walter Hills, Lester Osmond, Ernest Glenn, Fred Scott, and Arthur Bennett.

Music was furnished by the Melody Airs. The dancing was interspersed by an interlude of vocal and instrumental music with Ralph Gressens serving as master of ceremonies. It included a dance by Yvonne Lux, song by Duane Weber, trumpet quartet by Mary Jean Mapletorpe, George Sass, Joe Cosgrove and Bill Roepnack, a song by Olga Himens, dance by Joan Conrad and song by Earl Polsgrove.

The senior class officers are Mary Jean Mapletorpe, president; Jerry Pregenzer, vice-president; Harry Smith, secretary; Orville Hairrell, treasurer.

The Junior class officers are Kenneth Mattson, president; Joseph Cosgrove, vice-president; Joan Conrad, secretary; and Patsy Anderson, treasurer.

Those in charge of the event were: Decorations, Patsy Anderson and Robert Risch, chairmen; Joe Cosgrove and Kenneth Mattson, with Earl Brabant supplying the idea.

# **Finds \$92,000 in His Own Cellar, All in New Bills**

## **Investigation by Police and Secret Service Fails to Solve Puzzle.**

PHILADELPHIA. — Probably everyone has dreamed at some time or other of finding buried treasure, but Benjamin Lieberman, 44-year-old bookkeeper, actually found it—\$92,000 worth of it—and right in his own cellar.

After three days of investigation by police and U. S. secret service agents the mystery of how the treasure hoard in modern \$10, \$20 and \$50 treasury and bank notes came to be in the cellar of this modest home remained just that—a mystery.

Just how Lieberman feels about the windfall of wealth which will become his if nobody steps forward to claim it could not be ascertained, because the police held him and members of his family under guard—for their own protection, the police explained. And the police would permit no one to talk to them.

### **In Cardboard Box.**

Discovery of the treasure, police reported Lieberman as saying, was a result of a series of misadventures.

Several electric bulbs blew out in his home, according to the story. Lieberman went into the cellar to look for light bulbs. In doing so, he accidentally knocked down a shelf. This made a repair job necessary, so he began searching for repair materials. During this search he came upon a corrugated cardboard box such as is used to pack canned goods. He opened it and found the money.

He called his wife. She knew nothing about the money. She questioned his son, Morton, recently discharged from the navy and now attending Temple university, and his 5-year-old daughter, Regina. They knew nothing of the money.

Then he telephoned his brother-in-law, Morris Kaplan, 63. The latter held a conference with the Liebermans, and as a result Lieberman and William Simmler were called to the house.

In the presence of the Liebermans, they counted the money, then placed it in a safe.

### **Police Puzzled.**

But the police themselves did plenty of talking, although all they were able to say for certain was that, improbable as the tale of treasure trove sounded, it was true, and that every bit of the money was "good." There were no counterfeiters.

Puzzling feature of the discovery of the hoard, according to police, is that the money is comparatively new money, and could not have been hidden in the house prior to 20 years ago when Lieberman and his wife, Jessie, moved into it.

All the bills found were the modern small-size currency. Prior to July, 1929, the large-size old-fashioned bills were used.

Moreover, police believed the money had found its way into the house within the last year. Neighbors pointed out that last July a heavy rain had flooded all cellars in the neighborhood to a depth of two feet. The bills in the treasure hoard had never been soaked in water.

One suggestion given to police about how the money might have come to be in the house was that "somebody" might have hidden it there, intending to return for it, during a 16-month period in which the house was virtually unoccupied.

#### **Yanks Quell Riot in Austria**

VIENNA, AUSTRIA.—Inmates of a civilian internment camp near Salzburg rioted for two hours after 40 prisoners escaped by ramming an American truck through the barbed-wire barricades.

Ten inmates commandeered the truck and ran a gauntlet of ineffective gunfire by the Austrian guards. Thirty other prisoners followed in the wake of the truck.

American troops arrived in short order and the escape route was blocked. Inmates still within the enclosure started a demonstration.

Maj. Gen. Harry J. Collins, commander of American forces in Austria, addressed them by loud speaker and persuaded them to return to their compounds.

## **Legion Auxiliary Sells \$287. Worth of Poppies To Aid Disabled Vets**

The annual poppy sales for the village by Antioch Auxiliary Unit last Saturday amount to \$287.14.

The unit had 2000 poppies, which they purchased from the Legion department at Bloomington, poppies being made by the disabled veterans in Illinois. The poppies cost the unit \$100.00 and the balance of sales amounting to \$187.14, this amount to be placed in the Auxiliary service fund and to be used for disabled veterans.

Mrs. Kennedy, president of the unit with her staff of officers and unit members appreciate the splendid cooperation extended them from the citizens of Antioch on the successful poppy sale.

## **Roger H. Marz Awarded Four-Year Scholarship By Ekco Co. Foundation**

Illinois Institute of Technology where Marz will enroll next autumn was formerly Armour Technical Institute.

## **Former Antioch Citizen To Marry in Evanston**

### **GRASS LAKE SCHOOL RECITAL**

Pupils of the Grass Lake school will give a piano recital Sunday, June 1, at 2 p. m. at the school house. The recital will be under the direction of Karl F. Wiechmann, who extends an invitation to the public to attend.

### **Full Land Use**

Better methods of increasing soil fertility have diminished the need for clearing new lands for crop production and pasture. Thus, timber crops can be grown on the less fertile and rougher portions of the farm producing an additional revenue and making full use of all the land on the farm.

### **Mishaps with Tractors**

National Safety council estimates that 50 per cent of the accidents with farm machinery involve tractors. Overturning, falling from or being thrown from the tractor, unguarded power take-off shields, accidents while cranking and accidents from fire and fumes are the principal causes. The main safety rule for farmers to follow in operating tractors in the field is just good common sense. Timely servicing of any farm equipment before field work starts will reduce accidents as well as possible field breakdowns.

## **2,000 Chicks Burned in Fire at Kenner Farm**

Two thousand baby chickens were smothered or burned to death in a fire Tuesday evening that destroyed a brooder house on the Dr. William H. Kenner farm one mile and a half northeast of the village.

The brooder caught fire from an oil brooder stove. It was discovered by William Linker, a tenant, who called the Antioch fire department. The blaze was confined to the brooder house.

The loss of the chicks was estimated at \$500 and the building at \$300.

## **War Department Wants Survivors of Veterans To Report Any Moving**

The War Department has requested all survivors of men and women who died while serving in the Army during World War II to make certain that two of its agencies have their present addresses.

Many instances have been found where letters sent to these next-of-kin have been returned, marked "Moved: Left no forwarding address."

Next-of-kin who have moved since last notifying the War Department of their addresses are asked to mail a postcard or letter to each office stating in effect:

"I am next-of-kin to (name) (grade) (serial number). My former address was (street, city, state). My present address is (street, city, state)."

These communications should be mailed to: "The War Department, Adjutant General's Office, Attention Personnel Actions Branch, Casualty Section, The Pentagon, Washington 25, D. C." and also to "Memorial Division, Office of the Quartermaster General, Washington 25, D. C."

Service Officer Arthur G. Adams of the Illinois Veterans commission, with offices at American Legion Home, Waukegan, Ill., will assist in preparing these letters.

**"WANT IT FAST OR  
WANT IT GOOD?"**

You remember the remark of the barber when the customer told him he wanted a good haircut—in ten minutes.

"Take your pick, mister," he said. "Do you want it fast or want it good?"

Now, we know how important your car is to you. We know you don't get any fun or benefit out of it while it's in our shop.

But we figure that the most important thing is to do the job right—and now and then that takes a little time.

You can help if you tell us frankly when it's important to get your car back quickly. Maybe we can arrange to do the most important things first, and pick up the car later to finish up the job right.

The best thing, of course, is to call us up or drop in—let us size up the job—estimate the time—and schedule it when we can do the best job with the least inconvenience to you.

But we'll both be better off if between us we can avoid making a choice between doing it fast or doing it "good."

## Nelson Sees Strong Softball Team For Antioch Legion Post

Manager Les Nelson of the American Legion softball team reports that the nightly practice sessions, and the new player material which is available this season will make for a very strong Antioch team for the season. Although the inclement weather has made the practice schedule a bit or miss affair, he is confident that the locals will give a good account of themselves in the first league game set for Thursday, June 5th, at the high school diamond.

There is still room for a few players on the squad and any young men of the community who wish to participate in the activity are invited to attend practice sessions at the school any evening.

Are you planning to pick up and picnic this week end? Then I know you're hoping, as I am, for warm, sunny weather. But if it should turn out be chilly or rainy, don't let that interfere with your plans. Go ahead and have your picnic anyhow ... at home. That way your family won't feel let down, and you won't have to rustle up a regular meal at the last minute.

THIRST AID  
It's no picnic being thirsty on a picnic, so be sure to take plenty of refreshing soft drinks on your outing! You'll find a big variety of "whistle wetters" at your A&P... each as enjoyable as the other, and all thrifly priced. Make A&P your thirst aid headquarters!

QUICK AND SLICK  
If you go in for campfire cookery, you'll get yards of enjoyment from ENCORE Prepared SPAGHETTI. It's mighty good cooked at home on the range, too, so get a few cans at the A&P. Made with a tasty sauce of tomatoes, spices and cheese, all you have to do is heat it. And if you want an extra hearty dish for 8 hearty eaters, combine 2 cans of this swell spaghetti with 2 cans of red beans; mix well in a skillet; add 2 tps. of chili powder, and heat thoroughly. Add green pepper and onion rings if you like 'em. Grand indoors or out!

## SWANK FOR SALADS

For the best-dressed cole slaw or vegetable salad that ever went a-picknicking, try this tancy dressing made with WHITE HOUSE MILK, the creamy-rich evaporated milk sold at the A&P. Just blend 1/2 tsp. prepared mustard, 1/2 tsp. salt, 2 tps. sugar, a dash of cayenne and 1 cup undiluted WHITE HOUSE EVAPORATED MILK. Add 1 tps. vinegar gradually, stirring till thick. Enough for 8 servings of salad.

## KING-SIZE SANDWICHES

Where there's a grill, there's a way to enjoy MARVEL HAMBURGER ROLLS in their special role of partners for sizzing hamburgers. But even if you picnic equipment doesn't include a grill, these delicious, freshly baked rolls from the A&P can have their innings on your outings. They're perfect for big he-man sandwiches of all kinds because they hold so much filling.
